Washington and Lee Gets Even for Foot-Ball Drubbing.

THE SCORE WAS TEN TO ONE

The Battery of the University Worked Like the Guns of the Kearsarge, Andrews Striking Out Sev-

enteen Men.

(Special Dispatch to The Times.)

LEXINGTON, VA., May 10.—The game for the local championship between Washington and Lee University and the Vir-sinia Military Institute here this after-neon was an interesting one, although one-sided. The features were the battery work of the University, Andrews striking out seventeen men and Bagley being credcut seventeen men and Bagiey being credited with twenty out; the three-bagger of Smith; the cutting off of a long drive to right by Boogher in the eignth, and the doubling up of two two-baggers by Gay and Langhorne in the second, scoring V. M. I.'s single run.

The game was a retaliation by Wash-Ington and Lee for the drubbing she received at the Cadets' hands in foot-ball last fall. The University made its first run in the second inning by — ball acci-

run in the second inning by - ball acci-dentally striking the bat of Harding to fair ground and an error in an attempted double play.

The put-outs by the University were made by four infielders. Cadets H. Johnson and Crowder made several fine fly catches, and Jones and Cooper fielded their positions well.

THE JOLLIFICATION.

Richmond College Students Preparing Barrel of Fun To-Morrow Night.

practicing for a grand jollification which is to take place to-morrow night, the 12th of May, at 8 o'clock in the college chapel. Many have expressed their intention to be present.
Governor A. J. Montague, appreciating the jollifications of the past, has informed the managers of his intention to be present, and to recall the scenes

of his college days at the institution.

The cestumes have been carefully prepared, and no detail which can add to the effect of the programme has been verlooked. overlooked.

The jollification is given for the benefit of the General Athletic Association of the college, to cover the recent expenses of the base-ball season, and it is

sincerely desired that all friends of the college will come out and enjoy a laugh. Minstrels, giec clubs, quartettes, cake walk and many other amusing feats are some of the features which are calcusome of the features which are calculated to please the tastes of the most fastidious. Along with these many specialities will be introduced, comic tumbling, songs, jokes and Mexican love songs, sung by the real man from Mexico. The professors are in fear and trembling, for numerous features have been introduced which will give the sudents the opportunity to pay off the old scores which have accumulated for the past nine

One of the features along this line is a faculty meeting which tries three of the prominent students at college for serious (?) charges.

The minstrel will get even with every-

body and many prominent citizens of the city will be their victims. The managers of the jollification have founded a school of medicine at the col-

The doctors will be presented that The jollification heretofore have been

very successful, and there is every rea-son to believe that this one will greatly surpass its predecessors.

Messrs, M. G. Copeland and Company have charge of the decorating, which will be artistically done. The stage setting will be excellent.

To jollification is under the management of Messrs, R. P. Staples, general manager, and M. Lankford, assistant. The following will be the programme: Part 1-Minstrel Circle-B. P. Alley, leader; F. W. Kerfoot, H. Cox, B. Cox, R. S. Hudgins, Morgan and McCaul. Strubbe McConnell, clown.

CHATTANOOGA, TENN.—Fire broke out in the planing mill of the Central Manufacturing Company in the central part of the city to-night and destroyed the plant, together with a large amount of lumber. Total loss, \$55,000, with \$30,000 insurance.

AN UP-TO-DATE PLEASURE PARK FOR THE PEOPLE OF RICHMOND.

All the Latest Means of Amusement Are to Be Found At the Reservoir Resort-Marvelous

Transformation.

About three years ago Captain A. Piz-zini, Jr., conceived the idea of establish-ing an amusement park near the city and terminals of the street railways. His first idea was to purchase the tract of land north of Reservoir Park, fronting some 350 to 400 feet on Beverly Street and running back about 1,200 feet to the The students of Richmond College have and running back about 1,200 feet to the been busily at work for several weeks Traction Co.'s claim, but owing to the rivalry between the street car companies he finally abandoned this idea, but not until the Passenger and Power Company's directors had authorized him to purchase the necessary ground and build the Casino, which was done. Subsequently, pur-suing this same idea, he approached both of the managers of the street railways in reference to purchasing the large tract of land lying east of Reservoir Park and extending from beyong to Streets, and received such encouragement from them that caused him to obtain extending from Beverly to Ashland from them that caused him to obtain options on the tract and the purchase was about to be concluded when again it had to be abandoned owing to disagreement between the companies and the owners.

He finally concluded to restrict his efferts to the establishment of the "Natatorium" and organize the West-End Electric Park Company. For this purpose necessary land was purchased and

the swimming pool established.

It is needless in this article to refer to this enterprise, for as soon as it was opened to the public and was seen really to be the first-class place which had been promised, it became a "fad" and the most popular resort of last summer's "stay at e" people. ONE ROUND OF PLEASURE.

Encouraged by the reception this en-terprise received, Captain Pizzini enlarged his plans and purchased additional land, embracing the beautifully grove at the extreme south end of the tract and land adjoining the Natatorium on the north, and gave out contracts for the enlargement of the Natatorium by 145 additional bath-roms, the building of the "Rathskeller," which is destined to be one of Richmond's greatest attractions. The "Toboggan Slide," which will afford pleasure to thousands this summer; the "merry-go-round" house, which is the largest building of its kind in this country; the soda and ice cream cafe, with a beautiful interior representing a snow cave, the ceiling and walls being finished in sparkling white stalactites, in which over one hundred electric lights shine and glitter, and the Midway Facade, a series of stalls in which will be located of stalls in which will be located ...e Gypsy Camp, the Bowling Alley, the Baby and Cane Racks, the Shooting Gallery, with its many targets, and many other attractions. The Passenger & Power Company sec-

ing the necessity for further amusements purchased the remaining lots in this tract fronting on Beverly Street and is erecting the "Old Mill." a gorgeous erecting the "Old Mill," a gorgeous water scenic canal, with its dark tunnels and bright scenery, making one think he is in a veritable fairyland. Other attractions are being negotiated for, such as the "House that Jack Bullt," "Trip to Mars," "Chrystal Maze," "Dog and Pony

the Base and Foot Ball Park to this point, so that when everything is com-pleted Richmond will have one of the largest and most complete pleasure parks south of Atlantic City.

A ship, which arrived Friday, May wal, at the island of Dominica, B. W. I. and which was lying off St. Pierre when the eruption commenced, reports that the uoise was terrific. A huge cloud of fire appeared over the town, giving me inhautiants no chance to escape.

HEAVY STORMS.

The morning of May 5th Guadaloupe learned that the Mont Pelee valcane, in Martinique, had been in a state of eruption since Saturday, May 3d. throwing out ashes. The same day violent thunderstorms began here. Tuesday a very heavy storm occurred and loud detonations were heard. At noon came a rumor that lava was flowing from Mont Pelee, and that three hundred lives had been lost at St. Pierre. All that day been lost at St. Pierre. All that day were heard here loud noises, like the dis-charge of heavy artillery far off. It is now known that these noises were from the Martinique volcano.

In the afternoon the cable connections with Martinique all disappeared. A very heavy thunderstorm then broke over Guadaloupe and lasted for a considerable time, and rumors were current that the Soufriere volcano in Guadaloupe was more active. The earth was trem-bling at Basseterre and volcanic rumblings were heard.

News of the disaster in Martinique was reported here by the French war vessel Suchet Friday morning. Nearly every one here has relatives in Martinique, and intense sorrow prevails. All the stores here are closed, and flags are flying at half mast. The mountains of Guada-loupe are shrouded in thick clouds and frequent heavy storms occurred. people are on edge with anxiety, fearing that La Soufrier may become active A light earthquake shock or a slight increase in the usual smoking of La Soufrier would precipitate a panic here. It is believed, however, that there is no local danger.

EARTHQUAKES HAVE CEASED

Volcanic Eruptions, However, Continue. All Corpses to Be Burned.

(By Associated Press.)
FORT DE FRANCE, MARTINIQUE,
May 10.-1:46 P. M.—The earthquakes have ceased, but the volcanic eruptions con-

tinue.

Hopes are raised that more of the population of St. Plerre than indicated in the earlier dispatches have been saved. It is believed that a number of people were

rescued from the stricken town by Reamers running to Fort de France.

The work of clearing away the debris in the city of St. Pierre will be commenced so soon as it is possible to enter the smoking ruins. Until some semblance of order has been restored and the ruins have been cleared away it. have been cleared away it has been agreed by the municipal and other authorities to burn all corpses sound in the streets. The authorities of Fort de France are sending all procurable necessities for the sufferers, with medical aid to the injured. The food supplies of St. Pierre being all destroyed, the cruiser Suchet is revitualing Martinique from Guadalouge.

ORDERED TO SCENE.

Cincinnatti Going to Martinique and Dixie Held in Readiness.

(By Associated Press.) WASHINGTON, D. C., May 10.—The Secretary of the Navy Moody has cabled the commander of the cruiser Cincinnati, now at San Domingo City, to proceed to Martinique and render such aid as is possible.

consultation with Assistant Secretary Hill that it would be safe to take the Cincinnati from San Domingo. The rea-son for this belief was the following ca-blegram received from United States Consul Maxwell, at San Domingo Cly;
The situation in San Domingo is improving. The provisional government has

been announced at the seaports, and for the most part in the interior. All execu-tive affairs are under the provincial gov-ernment and Vansquez is the provisional president.

It is possible that the Potomac has al-ready left San Juan for Martinique, but there is doubt on this point because the Navy Department has not yet been able to secure a response to an inquiry on this point sent by cable this morning to commandant of the naval station at San

As a further precautionary measure Secretary Moody sent the following telegram to the commandant of the _rooklyn yard:
"Order Dixie to prepare for sea as soon

as practicable. Report when she can be The Dixle is a ship of considerable

carrying capacity, and would be better fittled than any of the regular naval ships to hasten to Martinique with relier supplies, which probably can b tained more readily at New York than at any of the West Indian Islands. As a still further measure of help the State Department to-day cabled to United

States Department to tay canned to Canena States Consul Ayme, at Guadaloup, to proceed at once to Martinique to report on the conditions and report to the United States as to wnat help is needed.

STILL EMITTING ASHES. Cable Message Received from Island of

Martinique.

(By Associated Press.)
PARIS, May 10.—The Minister of Ma-rine, M. DeLanessan, has received the following from Fort de France, Island of Martinique, under date of May 10th,

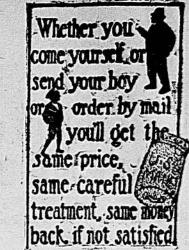

"Arrived at Fort de France with pro-visions, passing close to St. Pierre; fire continues; volcano still emitting ashes with less density."

(Signed) (Signed) "SUCHET."
A private telegram received here renews the hope that some of the inhabitants of St. Pierre escaped. The Bishop of Martinique sert a cablegram from Fort de Farnce announcing the safety of Pastor King, of St. Pierre, who escaped the disaster and sought refuge at Morne-Rouge. It is hoped that Morne-Rouge. It is hoped that other

fled there. At least fifty families of Bordeaux are bereaved. Most of the business of St. Pictre was transacted through Bordeaux.

Rescued Over Four Hundred.
